  - j) \$345,424.09 in U.S. currency seized from the Frasiel Hughey residence in Houston, Texas.

The Defendant Properties were seized on or between November 15, 2017, through November 28, 2017, and will remain in the custody of the United States Marshals Service of the Southern District of Texas.

*Jurisdiction and Venue*

3. The Court has subject-matter jurisdiction pursuant to 28 U.S.C. §§ 1345 and 1355. Venue is proper in this Court pursuant to 28 U.S.C. §§ 1355(b)(1), 1391(b), and 1395.

*Statutory Basis for Forfeiture*

4. Title 21 U.S.C. § 881(a)(6) provides for the forfeiture of money and other things of value furnished or intended to be furnished in exchange for a controlled substance, all proceeds traceable to such an exchange, and all moneys used or intended to be used to facilitate a violation of the Controlled Substances Act. Underlying violations of the Act include 21 U.S.C. § 841 (Distribution of Controlled Substances) and 21 U.S.C. § 846 (Conspiracy to Distribute Controlled Substances).

*Facts*

CC Pharmacy

5. CC Pharmacy, located at 2656 South Loop West, Suite 395, Houston, Texas 77054, is a registered pharmacy in the State of Texas. There are also locations in Austin, Texas, and Round Rock, Texas.

6. CC Pharmacy handles Schedule II-V controlled substance under DEA Number FC5944699. At the relevant times, it was registered with the State of Texas State Board of Pharmacy under license Number 30743.

7. CC Pharmacy does not appear to have any retail business with individual patients bringing legitimate prescriptions to be filled. The Texas Board of Pharmacy tracks all controlled-substance prescriptions filled by Texas pharmacies in the Prescription Monitoring Program (hereinafter “PMP”) database. As of April 23, 2018, a search of the PMP database reflects that CC Pharmacy has filled no prescriptions.

8. According to Texas Secretary of State Records, Clint Carr (“Carr”) is the owner of CC Pharmacy and Dustin Curry (“Curry”) is the Operations Manager. There is

reason to believe that Carr and Curry have set up CC Pharmacy locations as “fronts” established to enable the purchase of controlled substances from pharmaceutical distributors, with the purpose of then diverting the controlled substances into the black market for sale in exchange for cash.

9. Oxycodone and hydrocodone are Schedule II controlled substances and are highly addictive. CC Pharmacy orders large amounts of controlled substances, namely oxycodone and hydrocodone, that are delivered from legitimate vendors by FedEx and UPS. Carr and Curry sign for and accept packages of these controlled substances.

10. Oxycodone, hydrocodone, alprazolam, and carisoprodol are component drugs used by traffickers to produce a “Houston Cocktail.” In combination, each drug intensifies the effects of the other, producing a greater “high.”

11. CC Pharmacy sold oxycodone and hydrocodone and other drugs for cash, and much of that cash was deposited in the business bank accounts. The bank accounts associated with CC Pharmacy received over \$4 million in cash deposits between January 2016 and June 2017.

#### Controlled Substances for Cash

12. There is reason to believe that Frasiel Hughey (“Hughey”) is a Houston resident involved in the purchase of controlled substances from CC Pharmacy in exchange for cash payments.

13. In July 2017, an individual carrying a backpack entered CC Pharmacy. In the backpack the subject carried out of the pharmacy, law enforcement officers found 3 bottles of oxycodone containing 360 tablets, and 17 bottles of hydrocodone containing

2,040 tablets. Officers found a CC Pharmacy invoice reflecting that the subject paid \$8,400.00 for the controlled substances. Officers also found multiple written prescriptions, with various patient names.

14. There is reason to believe that other individuals also purchased large amounts of controlled substances for cash from CC Pharmacy, and that this activity is the only business CC Pharmacy engages in. The drugs the individuals received from CC Pharmacy included but are not limited to oxycodone, hydrocodone, carisoprodol, and alprazolam.

15. There is reason to believe that some individuals who purchased large amounts of controlled substances from CC Pharmacy obtained the cash to buy the drugs from Hughey at his residence; and that they delivered the CC Pharmacy drugs to the Hughey residence.

16. CC Pharmacy exhibits multiple characteristics that indicate it has been dispensing controlled substances in violation of law, among them:

- (1) It sells controlled substances for cash at over-market prices;
- (2) It sells large quantities of drugs to a single individuals presenting multiple prescriptions;
- (3) It provides controlled substances in exchange for multiple prescriptions without verifying authenticity;
- (4) It does not accept insurance payments;
- (5) It deposits large amounts of cash in its bank accounts;
- (6) It ranks among the highest in Houston, when compared to other pharmacies, for the purchase of oxycodone and hydrocodone; and
- (7) It does not appear to sell to individual patients with legitimate prescriptions, as the PMP database does not reflect that CC Pharmacy has filled any prescriptions.

The Defendant Properties are Subject to Forfeiture

17. Criminal proceeds collected by CC Pharmacy for the controlled substance transactions were deposited into CC Pharmacy bank accounts. The criminal proceeds were then transferred to other accounts, including being distributed to the personal bank accounts of Carr and Curry as payroll and as direct transfers. Criminal proceeds were also transferred to Northwest Mutual Investment Service (whether directly by CC Pharmacy or through Carr and Curry bank accounts) for investments and life insurance.

18. Each Defendant Property listed below is subject to forfeiture pursuant to 21 U.S.C. § 881(a)(6) as the proceeds of controlled substance transactions in violation of 21 U.S.C. §§ 841 and 846:

- a) Defendant \$4,524.50 was seized from a CC Pharmacy account which contained criminal proceeds of the controlled substance transactions;
- b) Defendant \$10,370.98 was seized from a Carr bank account into which proceeds were deposited as payroll (the “Carr Payroll Account”) by CC Pharmacy accounts;
- c) Defendant \$28,494.22 was seized from a Curry bank account into which proceeds were deposited as payroll (the “Curry Payroll Account”) by CC Pharmacy accounts;
- d) Defendant \$230,815.11 was seized from a Curry bank account that was funded with proceeds from the Curry Payroll Account;
- e) Defendant Northwest Mutual Investment Service account \*3023 was seized because it was funded with proceeds by the Curry Payroll Account;
- f) Defendant Northwest Mutual Investment Service account \*6772 was seized because it was funded with proceeds by the Carr Payroll Account and other CC Pharmacy accounts;

- g) Defendant Northwest Mutual Investment Service account “CC Pharm” was seized because it was funded with proceeds from CC Pharmacy accounts; and
- h) Defendant Northwest Mutual Investment Service account \*9134 was seized because it was funded with proceeds by the Curry Payroll Account and other CC Pharmacy accounts.

19. There is reason to believe that individuals would pick up cash at the Hughey residence to use to purchase controlled substances from CC Pharmacy and that they would bring the controlled substances from CC Pharmacy back to the Hughey residence.

20. Each of the additional Defendant Properties listed below is subject to forfeiture pursuant to 21 U.S.C. § 881(a)(6) as property furnished or intended to be furnished in exchange for a controlled substance, or as property constituting or traceable to the proceeds of controlled substance transactions, all in violation of 21 U.S.C. §§ 841 and 846:

- i) \$3,670.00 from nine cashier's checks made out to Frasiel Hughey and seized at his residence in Houston, Texas; and
- j) \$345,424.09 in U.S. currency seized from the Frasiel Hughey residence in Houston, Texas.
